SEMI OWNER / DRIVER INFO
RE: FLEET #2

Thank you for your interest in Roadex Services. Roadex has been in the RV Specialized transportation business for over 17 years and is one of Canada's largest and most successful RV Carriers.

Owner Operators are paid \$1.75 + FSC per loaded mile for all of our specialized RV runs.

All General Freight loads are paid at 80% of Gross Revenue.

Roadex monitors fuel prices weekly and pays fuel surcharges when necessary. Our fuel surcharge is currently at 30%.

The following is an example of what a truck might do on a rounder. Truck leaves Kitchener, ON destined for Los Angeles, CA with a load of RV's. The run pays the truck \$1.75 per mile + 30% Fuel Surcharge @ 2595 miles = \$5903.62. The truck then reloads out of L.A. to Laval, QC with a load of hot tubs. The rate would be \$4484.00 to the truck. You would also be paid \$75.00 to load, \$75.00 to unload and \$50.00 to cross the border on each trip, as long as loading/unloading appointments were not missed. Total revenue to the truck is \$10,587.62. Total mileage on the trip is 5760 miles – this includes 403 empty miles from Laval, QC to Kitchener, ON for an average \$1.84 per running mile for the round trip.

The average mileage for a month is 13,000 miles based on a single driver. Each rounder would average between 12-16 days out. We usually are able to work and adjust to most Owner/Operator needs. Roadex runs 49 states and most of Canada.

Roadex offers a subsidized Health & Dental Package to all O/O. This package also includes driver personal coverage for \$1 Million in the U.S. We offer a Goodyear National Account Program which protects the O/O with a fixed Canadian cost on all tires.
